

Awareness Notice

Regarding unfair means in the examination

Date: 05-07-2018

Use of unfair means in the examination is a punishable offense. Students of different batches have been punished for one year expulsion from the University for adopting unfair means in the Mid Term Exam of spring semester-2018 . Students hereby are instructed to refrain from any kinds of academic dishonesty. If any student is found using unfair means in the examination then the answer script along with **admit card** of that student will be seized at the moment and he/she **will not be allowed to continue the remaining exams of that semester**. An expulsion notice will be served afterwards. The BUFT authority is adamant to maintain zero tolerance towards academic dishonesty.
